

EVELYN GRACE ACADEMY

CLIENT: EVELYN GRACE ACADEMY, LONDON
CONTRACTOR: MACE
PROJECT: SUPPLY AND INSTALLATION OF STUDIO MIRRORS TO THE MUSIC PRACTICE ROOMS AND FITNESS SUITE, TOGETHER WITH STUDIO MIRRORS WITH BALLET BARRE TO THE DANCE STUDIO.

Working closely with the FF&E procurement team, we were delighted to be appointed to carry out the supply and installation of studio mirrors & ballet barres to the large Dance Studio together with studio mirrors for the Fitness Suite and large individual mirrors for each of the Music Practice Rooms.

On discovering that the plug sockets in the Fitness Suite were already in situ, right where the mirrors were to be placed, we had to carefully cut the mirrors to fit around the sockets and then complete the installation with a handcrafted wood surround for each socket. This was achieved in-house by our experienced and adaptable team.

Meeting a strict deadline and working within the confines of the building site, the project was completed on time and ready for the start of the new academic year.

Evelyn Grace Academy received the Academy Development Award at the Education Business Awards for the development of their Academy through to the procurement of the new building. We are delighted to have been a small part of their successful building.
